

DTK-FPK2

Fire Alarm System Power And Dialer Surge Protection General Product Specifications

Fire Protection Kits from DITEK are designed for commercial alarm professionals specializing in fire detection systems. The FPK2 provides premium AC power and dialer protection in a convenient kit.

The DTK-120SR provides maximum critical load protection, with EMI/RFI filtering. The two MRJ31XSCPWP telco surge protectors cover both ends of the alarm panel's dialer circuit, or protect dual dialers.

Product Description

DTK-FPK2

- 120SR Series Installation AC Surge Protector
 - Four stages of protection, in series with the electrical supply for maximum protection
 - 54,000 A peak surge current capacity, 20A max operating current
 - Provides AC power protection for alarm power supply at alarm panel
 - Suitable for use on circuit breakers rated at 10kA AIC
- MRJ31XSCPWP
 - Modular RJ31X connection
 - Protects against over-voltage and over-current events
 - Patch cord included

Warranty (All Products): 10 Year Limited Warranty

Note: See DTK-120SR and DTK-MRJ31XSCPWP datasheets for individual product specifications.
