

Residential Protection

Protection for the Electronics You Rely On Every Day

For over 30 years, commercial and industrial property owners have trusted DITEK to preserve their facilities, electronics, and data from the negative impacts of power surges.

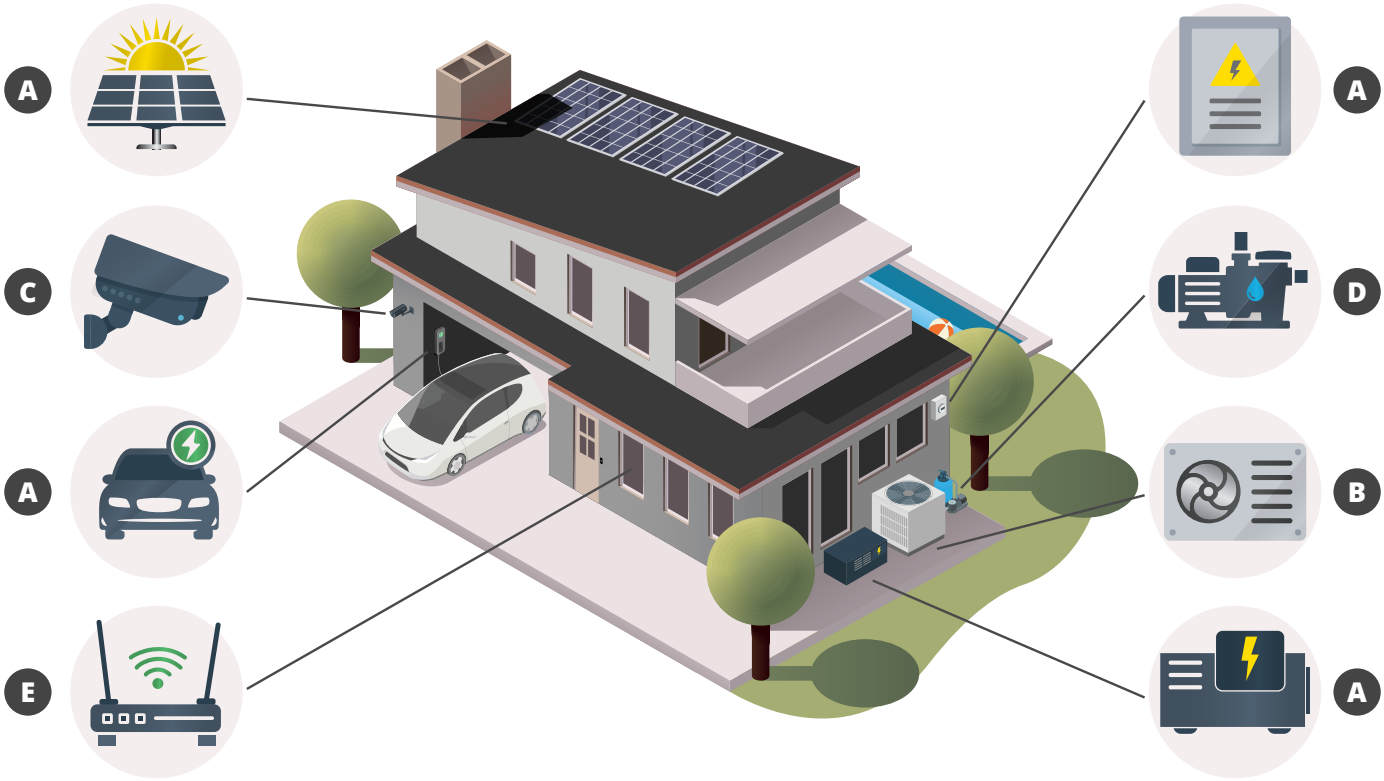

More than ever, modern homes depend on connected technology.

Today's homes are filled with valuable electronics and essential systems that depend on reliable power. DITEK Surge Protection helps protect the equipment that keeps your home comfortable and functioning smoothly, from HVAC systems and kitchen appliances to smart devices, security systems, and network equipment. DITEK reduces the risk of damage, repairs, and disruption by helping defend against major surge events and smaller everyday surges that can wear equipment down overtime.

REDUCE DOWNTIME

EXTEND EQUIPMENT LIFE

MITIGATE RISK

A ELECTRICAL

FEATURED PRODUCT:
BK1 SERIES

Protect your entire home, including all connected outlets and devices, with protection installed right inside of the main electrical panel.

FEATURED PRODUCT:
HD SERIES

Help reduce damage from power surges before they reach your home's electrical system by protecting your electric meter.

C ETHERNET & POE + VIDEO SURVEILLANCE

FEATURED PRODUCT:
MRJ SERIES

Designed for high-speed networked equipment to help keep security and connectivity in place and protect essential devices.

D POOL CONTROLS

FEATURED PRODUCT:
